

Limitations: React

- ✦ No official package; increased risk
- ✦ Must handle own export build process
- ✦ Community doesn't seem that interested
- ✦ React and web components have some issues
 - ✦ Custom Elements Everywhere test (7 failures)

Limitations: React + Angular

<https://github.com/angular/angular/issues/28267>

- ✦ Both bundle with webpack
- ✦ Webpack variables become overwritten
- ✦ Stack traces will show Angular + React
- ✦ Workarounds
 - ✦ Bundle w/o webpack
 - ✦ Create own webpack config
